INTELCAST Workshop, 17 June 2026 - Invitation to Register & Call for Contributions

Dear INTELCAST Community Member,

Following our previous correspondence, we are honored to formally invite you to the upcoming **INTELCAST Workshop**, scheduled for **17 June 2026** at the in **Brussels center** (location will be communicated in the next few days).

INTELCAST is a study focused on exploring how Artificial Intelligence can enhance the use of Meteorological and Oceanographic (METOC) and Space Weather data to support military planning, training, and operations. By bringing together defence, scientific, operational, and technological stakeholders, INTELCAST aims to identify practical use cases and strategic pathways for integrating AI-enabled predictive intelligence into military decision-making processes.

Building upon the initial objectives of the study, this workshop aims to provide a high-level forum for reviewing selected use cases and identifying strategic opportunities to accelerate the integration of AI-enabled METOC and Space Weather capabilities within military operations.

Registration and Preliminary Survey

To facilitate the logistical arrangements and ensure the workshop's objectives are met, we kindly request that you complete the following actions:

- **Official Registration:** Please confirm your attendance by registering at the following link:
<https://forms.office.com/pages/responsepage.aspx?id=X2-UUFRBmkuNd2juNtVUZxQKYeBxSDNGImMaMhqqGZIURU0yNENIR05UNjVSSVE5VjZZU0gxSjk3Wi4u&origin=QRCode&route=shorturl>
- **Stakeholder Survey:** Your expertise is invaluable to us. We invite you to provide your preliminary insights via this survey:
https://docs.google.com/forms/d/e/1FAIpQLSdwHAP4P0qpLEGbuEYkKoPFj_Ff_APLwEwYnl_NZGUXD73x1Q/viewform?usp=header

Call for Contributions

The workshop program includes dedicated slots for expert interventions and participant presentations. Should you wish to contribute a speech during one of the technical sessions, please submit a formal proposal to veronica.guidetti@eda.europa.eu and andrea.masini@flysight.it including:

1. A concise **abstract** of the proposed presentation.
2. An indication of the **relevant session** (Strategic Context, Use Case Review, or Operational Integration).

Preliminary Agenda Overview

09:00 – 09:30	Welcome & Introduction	<ul style="list-style-type: none"> • Opening remarks • Introduction to INTELCAST Workshop objectives and expected outcomes
09:30 – 10:15	Session 1 – Strategic Context & Operational Needs	<ul style="list-style-type: none"> • Keynotes on METOC & Space Weather relevance and AI-enabled predictive intelligence • (incl. ~2 presentations from the participants) • Q&A
10:15 – 10:30	Coffee Break	
10:30 – 12:30	Session 2 – Review of Selected Use Cases	<ul style="list-style-type: none"> • Presentation of use cases (mission planning, training, operations), expert feedback, discussion • (incl. ~4 presentations from the participants) • Q&A
12:30 – 13:30	Lunch	
13:30 – 14:45	Session 3 – From Data to Decision	<ul style="list-style-type: none"> • From Data to Decision: barriers, interoperability, AI trust, operational integration • (incl. ~3 presentations from the participants)
14:45 – 15:15	Roundtable & Closing Remarks	<ul style="list-style-type: none"> • Key takeaways and next steps

We remain at your disposal for any further information regarding the event and look forward to your distinguished presence in Brussels.
Best regards,
